Instagram Downloader Download Instagram Photos From Instagram to PC 1.0.1.0 is a special picture Download app that allows you to...The opinions expressed by columnists are their own and do not necessarily represent the views of Townhall.com. In contemporary Western society, we are surrounded by strong, independent voices who provide a platform for everyone to have his or her say. We now hear from the objectivity-blind and know it. In earlier times, people had something called "authority." This was based on expertise and experience, as well as the expertise and experience of those who preceded us. The king or queen had the crown, a dictator had the army and Hitler had the German nation. In our time, we have a new idea, diversity, and more than a few people who encourage it. Someone who tries to be a perfect analyst or "expert" or "insider" of his or her party or group is just a fool. The fact that Trump won the election, and won it decisively, shows that the electorate was wiser than our "experts." We should not underestimate the power of men and women who have been indoctrinated by media and universities for decades. They have been fed a steady diet of their party and group line, and they are not about to change until they are thrown over a cliff. In short, they are brainwashed. The folks on the right are still allowing themselves to be brainwashed. The majority of them are not anti-Democrat and anti-Trump, even if they are, and even if they are deluded by their group's brainwashing. The left is truly a cult, and anyone who understands cults and brainwashing can see this. There are plenty of examples, but we need look no further than our own universities, which are microcosms of the whole right-left spectrum. The "expert" leftist is the polar opposite of the "expert" conservative. One is really smart, with plenty of degrees, and the other is a little dumb, with a high school degree. The first works at a university, making huge sums of money, and the other works for minimum wage at a fast food establishment. I've heard stories about professors using racial slurs and dropping F-bombs in front of students. That's just another example of brainwashing
